**MARIA MAGDALENA, Benitachell**

Maria Josefa Ronda Valles, Mayor and President of the Music Association, opened the proceedings. She said that the production demonstrated the effort and the enthusiasm with which this CD had been completed, working compositions of pasodobles and Moors and Christians marches into the collection on the disc, for the commemoration of the 25 anniversary of the group. She said that it represents the work of different people who have devoted part of the last 25 years to this project. The Mayor then handed over to D. Antonio J. Buigues Catala, Director of the School of Music, saying that he happened to one of these people, and the foremost musical “Poblero” of Benitatxell.

Mr. Catalano explained the evolution of his compositions in this CD, from the beginning with Christian marches, Cavallers (Benitatxell) and Ben-Abiar (Benitatxell) to the latter, Almoradins (Javea) and Trabuquers (Benitatxell).

D. Pedro Caselles, director of the Band for the last year, told of his experiences in the implementation of this project, which at first seemed hard because of the time available for the band, but after much work they were indeed able to attain this result. He expects it to delight all those lovers of music who listen to it.

Finally D. Joan Bou, producer of the album and also former head of the group, indicated that he never doubted the project, to which he had devoted all his knowledge and enthusiasm. He expressed gratitude for the collaboration of Kanor Restaurant, where they recorded the CD, to the record label Visualsonora and to all the work done by Pedro Caselles and the music group.
